

Smartbox 400

紧凑性设计延时醒发箱
Prover and Retarder Cabinet

Smartbox 是一款设计紧凑，占地面积小的醒发柜。醒发柜可放置26个400X600mm 烤盘。 Smartbox有两种型号，一为普通醒发箱，一为延时醒发箱。 Smartbox具有良好的隔热性能，醒发温度最高可设定为+50℃。

Smartbox is a prover cabinet with a compact design and a small footprint. The cabinet stores 26 400x600 mm trays. Smartbox comes in two different versions, one Retarder-prover and one Prover cabinet. The proving temperature can be set up to +50°C, and the retarder temperature ranges from +2°C .

产品特点 and 优势

温度范围为2-50°C

环保的冷却剂R134A

电子控制屏容易使用

手动或预编程醒发控制

前，后及内部全不锈钢材质

自动除霜

26双可拆的支架 - 可协助您获得最高的生产量

Attachable tray slides – 26 pairs of attachable and detachable tray slides. For optimal capacity usage

FEATURES AND BENEFITS

Temperature range from 2-50°C

Environmentally friendly cooling agent R134a

Electronic and easy to use control panel

Manual or pre-programmed proving control

Front, gables and interior in stainless steel

Automatic defrosting

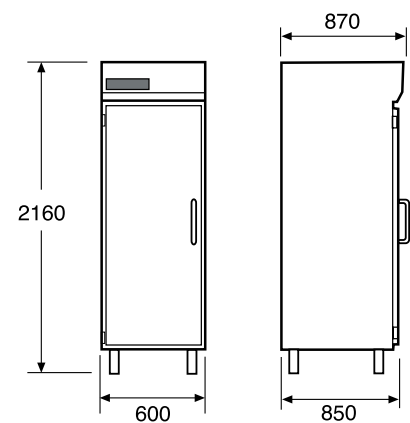

电子控制面板 - 用于手动或是预程序控制，方便控制温度范围和醒发的过程。易于读取和使用。

Electronic foil panel – for manual or pre-programmed control of the cooling and proving processes. Easy to read and use.
